### **For Information**

The Workplace Safety and Insurance Board has developed a form for medical practitioners to report claims of Chronic Mental Stress (CMS) for workers. Unlike other diagnoses, any claim for chronic mental stress will require a special form 8 (Form CMS8).

Both the Operational Policy on Chronic Mental Stress (15-03-14) effective January 1, 2018 and the new form (Health Professional's Report for Occupational Mental Stress – Form CMS8) are attached for your information.
